### **LYCRA®**

Lycra® allows the fabric both to stretch significantly and to retain its shape. Fabrics and garments made with Lycra offer exceptional fit, comfort, freedom of movement and wrinkle recovery.

### **LYCRA® Sport**

Lycra® Sport fabrics are specifically engineered for sporting activities which require a combination of light weight, breathability, muscle support and freedom of movement.

### **Reflex**

IQseen is the brand for high reflective materials. With an even distribution around the body this material will make the wearer visible of a distance up to 160 meters. IQseen silver reflective materials fulfill the requirements of the EN 471. Millions of glass beads reflect the light back to its source. The wearer of the product becomes more visible and the motorist has more time to react. This makes the difference! Clearly visible!
